Lancaster Arts: Where ideas, people and creativity connect

Lancaster Arts (LA) is a distinctive combined arts organisation in the North West of England. We are based at the Lancaster University campus, and our venues include the Great Hall, Nuffield Theatre and Peter Scott Gallery as well as sites off campus. Lancaster Arts has an acclaimed reputation for the presentation, creation and development of innovative contemporary work and works within an Arts Strategy for the University that places art and creativity at the heart of the institution. We are proud of our artist development programme, which supports and features artists at all stages of their careers. We also develop and lead on bespoke projects that connect to overarching themes in our work and respond to regional and local needs.

We host a wide spectrum of events and participatory opportunities across theatre, dance, music, visual art, live art, circus, spoken word and comedy and work with partners locally, regionally and internationally. We are committed to working in close partnership with internal and external partners (e.g Ruskin Library, local arts organisations) through delivering joint projects to realise our values and achieve our goals.

The Lancaster Arts team is committed to the development, production and presentation of artistic work of the highest calibre, ensuring that it reflects and speaks to the lives of our audiences, participants and artists. This commitment requires the whole team to be engaging with all stakeholders on a regular basis to enable a relevant and responsive programme and engage with artistic work across the region. We are keen to ensure a broad range of public access points are provided throughout our work. All team members are advocates for Lancaster Arts and how the arts and higher education can work together seamlessly for the benefit of society and the values that working in the arts brings to other disciplines, public services and civic agendas. Although roles in the organisation fall into primary functions such as administrative, managerial, operational and artistic, all members of the team integrate all

of these aspects into each specific role, bringing initiative, leadership and creativity into the ways we work together.
