### Other contacts

**Internal:** Members of the Health Equity team including the Senior Manager of the CLAHRC Legacy project and Senior Researchers. Colleagues within DHR, Faculty and University.

**External:** Practitioners and commissioners working in health and care systems in the North West of England, including public health teams based in Local Authorities and members of the public who are advisers to the research. Academic colleagues based in other universities, including members of the NIHR School for Public Health Research.

### Major Duties:

1. Provide high-level support to the co-lead for the Health Inequalities work within the CLAHRC legacy project (Dr Emma Halliday and Dr Porroche-Escudero)

2. Lead in liaising with staff in Applied Research Collaboration at Universities of Lancaster, Liverpool and Central Lancaster and with ARC NHS and local authority partners to contribute to the effective and timely delivery of the legacy work focused strengthen the equity focus of applied health research.

3. Undertake recruitment and data collection with early adopters of the HIAT using qualitative interview methods

4. Undertake data entry and data analysis of qualitative data from multiple sources.

5. Contribute to a scoping review to identify and describe existing resources with potential to support researchers to strengthen the equity focus of their work

6. Lead on engaging relevant Public Health practitioners and members of the public in the development of creative practical resources for diverse audiences based on findings from programme evaluations.

7. Promotion of the CLAHRC legacy work nationally, regionally and locally including supporting preparation of papers for publication, appropriate use of social media and updating project websites with new content

8. Work as part of a team, or taking the lead where appropriate, to prepare and submit all required regulatory and ethics documents for the research.

9. Undertake any other duties as directed by Head of Division or nominated representative.
