**Other contacts**

**Internal:**
- Other team members of Turtles; Staff and Students at the University

**External:**
- Collaborators/partners working on Turtles project

**Major Duties:**

1. Undertaking the research necessary to achieve Lancaster University’s aims within the EPSRC-funded “Turtles: Protocol-Based Foundations for Distributed Multiagent Systems” project.

2. Leading with the planning, development, and publication of our work within Turtles.

3. Participating in project meetings.

4. Preparation and presentation of talks, posters and reports to disseminate the results of the research. Contributing to progress reports for project meetings describing the results of the project.

5. Participating in national and international conferences and workshops to present the results of the project to a wider audience and to learn about current advances in the field.

6. Writing conference and journal papers for publication of project findings.

7. Assisting with writing new research proposals that build on the expertise developed in this project.

8. Any other duties appropriate to the grade, as directed by the Principal Investigator or his representative.
