### Major Duties:

- Contribute to the development and international profile of the Division through the generation of research, teaching and scholarship of national and international excellence, engaging with internal and external partners that can enhance the reputation of the department and the University;
- Sustain a personal research programme complementary to the research focus of the Division which achieves impact with international reach;
- Regularly publish papers in leading international peer-reviewed academic journals (as well as other appropriate forms of research output);
- Lead and engage with research teams or other collaborative research initiatives with internal and external stakeholders;
- Acquire funding for new research projects (individual and/or collaborative) from sources such as Research Councils, large medical charities, European Union, industry;
- Contribute to the teaching, development and administrative leadership of the Division’s existing undergraduate and postgraduate degrees;
- Contribute to the Division’s academic and pastoral care of its students and to the enhancement of their learning, personal development and achievement;
- Supervise dissertation students, PhD candidates and research staff;
- Mentor junior academic colleagues;
- Assume, and where appropriate lead, various administrative tasks and responsibilities as requested by the Head of Division or Dean of the Faculty;
- Communicate effectively with students and colleagues, using face-to-face, telephone, written and electronic communication (including email and VLE) modes as appropriate;
- Represent the Division’s and Faculty’s activities to groups outside the University;
- Carry out duties and responsibilities in issues relating to Health and Safety in accordance with University policies;
- Provide cover for colleagues where necessary;
- Undertake other duties as required by the Head of Division or Dean of the Faculty.
